01 EXECUTIVE SUMMARY — WHAT IS AQUAVEND?

AquaVend SA provides commercial purified water vending solutions throughout South Africa. We install and support fully automated water purification machines at high-traffic locations — giving communities, businesses and entrepreneurs affordable, on-demand access to purified water, 24 hours a day, 7 days a week.

WHAT WE DO	WHY IT'S GROWING	WHO USES IT
We install, operate and support commercial-grade water purification vending machines connecting to any water supply and dispensing purified water on demand.	South Africans spend billions on bottled water annually. Water vending offers purified water at a fraction of the cost — creating strong demand in estates, schools, communities and businesses.	Petrol stations, residential estates, schools, garages, farms, shopping centres, factories and community entrepreneurs — anyone with foot traffic and a water connection.

HOW THE MACHINES WORK

Sediment Filter → Carbon Filter → Fine Filter → RO Membrane 0.0001µm → Coconut Carbon → UV Sterilisation → Cashless Payment → Collect Your Water

02 WHY CHOOSE AQUAVEND?

With over 15 years of water treatment experience and a dedicated South African team, AquaVend delivers turnkey water vending solutions backed by local support, advanced technology and flexible business models.

<p>1 5 Years Water Treatment Experience +</p>	<p>✓ Multiple Ownership Models</p>
<p>✓ South African Installation & Support</p>	<p>✓ Nationwide Support Capability</p>
<p>✓ Commercial RO Purification Technology</p>	<p>✓ Custom Branding Options</p>
<p>✓ Remote Monitoring Dashboard</p>	<p>✓ Low Operating Costs</p>
<p>✓ Nayax Cashless Payment Integration</p>	<p>✓ No Staff Required</p>
<p>✓ UPS / Backup Power Compatible</p>	<p>✓ Low-Pressure Water Supply Compatible</p>

■ Load Shedding & Water Outages — Built for South African Conditions
 AquaVend machines are compatible with UPS and battery backup systems to maintain operation during load shedding, and are engineered to function at low water pressure. Speak to your consultant about the right backup configuration for your site.

03 MARKET DEMAND & INDUSTRY INTEREST

Demand for affordable purified water vending solutions has been demonstrated before any significant marketing investment.

HOW ENQUIRIES WERE RECEIVED	INTEREST FROM
<ul style="list-style-type: none"> ✓ Generated organically — no paid advertising ✓ Website & email ✓ WhatsApp ✓ Phone calls 	<ul style="list-style-type: none"> ✓ Entrepreneurs ✓ Petrol stations ✓ Schools & universities ✓ Residential estates ✓ Community projects ✓ Business owners

04 EXAMPLE REVENUE POTENTIAL

ILLUSTRATIVE EXAMPLES ONLY

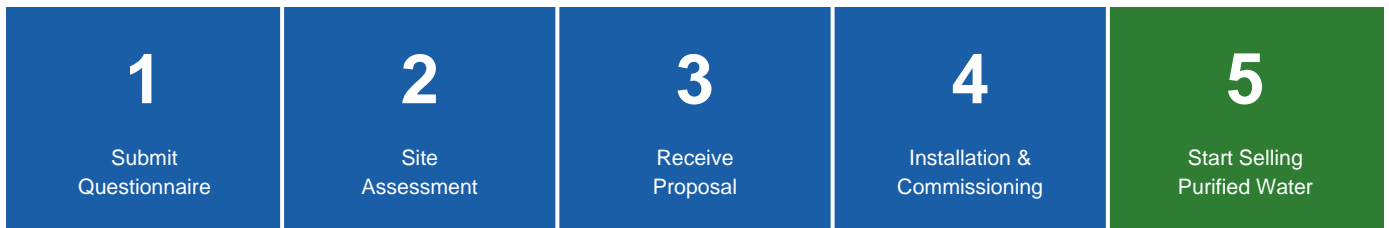

The figures below are illustrative examples to help you think about income and ROI. A water vending machine requires no staff and operates 24/7, making it a genuinely passive income asset.

Assumption	Daily	Monthly	Annual
10 Customers/Day @ R13 avg (starter)	R130	R3,000+	R36,000+
30 Customers/Day @ R13 avg	R390	R9,000+	R110,000+
50 Customers/Day @ R15 avg	R750	R18,000+	R220,000+
100 Customers/Day @ R15 avg	R1,500	R36,000+	R440,000+

■ *Disclaimer: Actual performance depends on your location, customer traffic, pricing strategy and machine model. These figures are illustrative only and do not constitute a guarantee of earnings. AquaVend will provide a site-specific revenue estimate following your site assessment.*

05 HOW IT WORKS — YOUR 5-STEP JOURNEY

Getting started with AquaVend is simple. From first contact to generating revenue, our streamlined process ensures a smooth and professional experience.

Most installations are completed within 4–6 weeks from proposal acceptance. Our South African team handles everything from installation to training and ongoing support.

06 OWNERSHIP & PARTNERSHIP MODELS

AquaVend offers four flexible models to suit every budget, objective and location type. Whether you want to own outright, enter with minimal capital, or simply host the machine — we have a solution for you.

PURCHASE	RENTAL	LEASE-TO-OWN	PARTNERSHIP
Tailored Commercial Proposal <ul style="list-style-type: none"> ✓ Own the machine outright ✓ Set your own water pricing ✓ Keep 100% of revenue generated ✓ Ideal for entrepreneurs, investors, schools, estates & commercial sites ✓ Configuration customised to your site requirements ✓ Pricing confirmed following site assessment 	Monthly options available <ul style="list-style-type: none"> ✓ Lower upfront investment ✓ Fixed predictable monthly fee ✓ Maintenance included ✓ Keep 100% of revenue 	Flexible finance options available <ul style="list-style-type: none"> ✓ Affordable monthly payments ✓ Ownership at end of term ✓ 10% annual escalation ✓ Easier market entry 	No upfront investment required <ul style="list-style-type: none"> ✓ AquaVend installs & operates ✓ Revenue shared monthly ✓ Zero capital required ✓ AquaVend handles all maintenance, sanitation & filter replacements

Each AquaVend solution is tailored to the customer's location, water source, payment requirements, branding requirements and business objectives. Pricing is confirmed following site assessment and business model consultation.

COMPARISON TABLE

Model	Investment	Monthly Cost	Revenue	Best For
Purchase	<i>Custom commercial proposal following site assessment</i>	Low (filters only)	100% yours	Investors, entrepreneurs, schools & estates
Rental	<i>Monthly options available</i>	Fixed monthly fee	100% yours	Lower upfront entry
Lease-to-Own	<i>Flexible finance options available</i>	Monthly payments	100% yours	Affordable market entry
Partnership	No upfront investment required	None	Revenue share	Site owners & landlords

* AquaVend provides tailored commercial proposals. Pricing and terms are confirmed following site assessment and business model consultation. Different sites require different configurations.

07 WHY PEOPLE CONTACT AQUAVEND

Over 100 prospective clients have contacted AquaVend during the past year seeking an affordable, scalable alternative to traditional water businesses. Here are some of the motivations we hear:

"

"I want to start a water business without spending R200,000."

— **Entrepreneur, Johannesburg**

"

"Our estate needs affordable purified water for residents."

— **Estate Manager, Pretoria**

"

"We want to reduce our bottled water costs significantly."

— **Operations Manager, Cape Town**

"

"We need a water solution for our school community."

— **School Principal, Durban**

"

"I need passive income from my property."

— **Property Owner, East Rand**

"

"Our garage sees over 2,000 people daily — a water vending machine is a no-brainer."

— **Garage Owner, Gauteng**

Whatever your objective — passive income, community service, cost reduction or sustainability — AquaVend has a model that fits.

08 WHY WATER VENDING BEATS A TRADITIONAL WATER SHOP

Many entrepreneurs approach AquaVend after discovering that traditional water shop and franchise models often require investments exceeding R200,000 plus ongoing operating costs and royalty fees.

TRADITIONAL WATER SHOP	AQUAVEND MACHINE
<ul style="list-style-type: none"> ✗ Premises / lease required ✗ Staff required ✗ Higher startup cost ✗ Higher ongoing operating expenses ✗ Fixed opening hours ✗ Franchise fees often apply ✗ Stock management required 	<ul style="list-style-type: none"> ✓ Small footprint — fits almost anywhere ✓ No staff required ✓ Lower startup cost ✓ Low operating costs ✓ Operates 24 hours, 7 days a week ✓ Flexible ownership options ✓ Fully automated

AquaVend machines connect directly to your existing water supply and purify on-site, on demand. There is no stock to manage, no staff to schedule and no fixed operating hours to maintain. The machine works while you sleep.

09 SITE ASSESSMENT QUESTIONNAIRE
